## Accreditation Information

### MISSION

The Southern Orthopaedic Association (SOA) was founded in 1983 solely to develop and foster scientific medicine in the specialty of orthopaedic surgery. Meetings of the Association are dedicated to disseminating current clinical, research, and practice innovations in orthopaedic medicine.

### TARGET AUDIENCE

This program is designed to meet the needs of physicians in orthopaedic surgery and sports medicine. Information presented may also be of interest to allied healthcare professionals (athletic trainers, physical therapists, chiropractors) working in an orthopaedic or sports medicine setting or caring for the athletically active individual with acute or chronic musculoskeletal ailments.

### CME CREDIT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Academy of Orthopaedic Surgeons and the Southern Orthopaedic Association. The American Academy of Orthopaedic Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

The American Academy of Orthopaedic Surgeons designates this live activity for a maximum of 12 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### CEC CREDIT

Physician's Assistants can receive up to 12 credit hours toward Continuing Education Credits. AAPA accepts American Medical Association Category I, Level 1 CME credit for the Physician's Recognition Award from organizations accredited by the ACCME.

### PURPOSE

In the treatment of musculoskeletal injuries in the athletically active, treatment alternatives are constantly changing. Advances in therapeutic treatment options provide up to date state of the art techniques which allow for the quickest return to athletic participation. These continuous advances make it crucial for physicians to be current on such information to provide the patient with optimal timely care. This course is designed to provide an update on the latest treatment techniques and therapeutic rehabilitation strategies in the evaluation and treatment of the most common musculoskeletal disorders in the athletically active patient.

## Join SOA In Birmingham!

You are invited to attend the Southern Orthopaedic Association's exciting CME program, **Southern at the SEC – Sports Injury Update & Case Based Discussion 2018**.

Dr. Scott D. Mair, Program Chair and the Program Committee have developed an outstanding program with expert speakers in the specialty of sports medicine injuries.

We have a block of tickets to the SEC Baseball Tournament for purchase by registered attendees of the SOA Meeting. Please make your reservations early, as tickets are limited.

## SEC Athletic Orthopaedic Team of the Year

**James R. "Jay" Clugston, MD, CAQSM**  
*University of Florida College of Medicine*

One of the highlights of the SOA SEC Program is a special presentation honoring the outstanding SEC Athletic Orthopaedic Team of the Year, chosen by the SEC Head Athletic Trainers. We are pleased to announce Dr. James Clugston as the recipient of this distinguished award.

Dr. Clugston is an Associate Professor in the Department of Community Health & Family Medicine with a joint appointment in the Department of Neurology at the University of Florida College of Medicine. He is a team physician for the UF Athletic Association, completing his 15th year covering the Gators with primary responsibility for football, men's basketball and men's golf. Presently he serves on the NCAA Division I Autonomy Concussion

Safety Protocol Review Committee; the Operating Committee of the NCAA/DoD Concussion Assessment, Research and Education Consortium; the Brain Trauma Foundation Evidenced Based Consortium to classify concussion subtypes; and the American Medical Society for Sports Medicine Concussion Position Statement writing group. He directs UF Student Health's Sports Concussion Center, which provides clinical care to UF students and performs concussion research. In 2006, he started the UF Sports Medicine Fellowship to train primary care sports physicians after residency and currently serves as its Associate Director.

Congratulations to James R. "Jay" Clugston, MD, who will receive the 2017-2018 award at the meeting. In addition, the University of Florida College of Medicine Athletic Training Staff will receive a check for \$1000.00 to be used for student athletic trainer education, courtesy of DJO Global, who has sponsored this stipend since the award's inception in 2003.

*The SEC Athletic Orthopaedic Team of the Year Award is sponsored by DJO Global and the Southern Orthopaedic Association.*

## Keynote Speaker

**James R. Andrews, MD**  
*The Andrews Institute Gulf Breeze, FL*

The Southern Orthopaedic Association is pleased to have James R. Andrews, MD as the Keynote Speaker for the SEC Sports Injury Update 2018 Program. Dr. Andrews is a founder of Andrews Sports Medicine and Orthopaedic Center and the American Sports Medicine Institute in Birmingham, Alabama and The Andrews Institute in Gulf Breeze, Florida.

Dr. Andrews has mentored more than 250 Orthopaedic Sports Medicine Fellows and 50

Primary Care Sports Medicine Fellows. He currently practices at The Andrews Institute in Gulf Breeze, Florida. He graduated from Louisiana State University in 1963, completed LSU School of Medicine in 1967 and his orthopaedic residency at Tulane Medical School in 1972. He is a member of the American Board of Orthopaedic Surgery and the American Academy of Orthopaedic Surgeons and is Past-President of the American Orthopaedic Society for Sports Medicine.

Dr. Andrews is Clinical Professor of Orthopaedic Surgery at the University of Alabama Birmingham Medical School. He serves as Medical Director for several collegiate and professional teams.

## Accreditation Information

### OBJECTIVES

Through a combination of lectures, panel discussions, and audience participation, participants will have the opportunity to exchange information relative to current and emerging clinical concerns about the musculoskeletal problems seen in the upper and lower extremity. At the conclusion of the meeting, participants should be able to:

UNDERSTAND current controversies in treatment of shoulder, elbow, knee, hip, and spine disorders commonly seen in the athletically active.

EVALUATE injury patterns and prevention strategies of upper and lower extremity problems in the athletic population.

ANALYZE challenges encountered with rehabilitation of the shoulder, elbow, and knee in the athlete, as well as the older athletically active weekend warrior.

SELECT appropriate management options for the most commonly seen sports specific injuries; shoulder instability, rotator cuff tears, elbow ligament injuries; as well as knee injuries (ligament, menisci, articular cartilage).

DIAGNOSE and manage shoulder impingement, labral tears, rotator cuff tears, elbow instability as well as knee instability with associated meniscal and articular cartilage pathology.

RECOGNIZE and treat medical conditions commonly seen in athletes, and discuss cases related to concussion, sports dermatology, nutrition, injury prevention, and psychological issues.
