

## 2019 SOA E-Poster Presentations

### **STATION A** (*Cumberland A*)

#### **BASIC SCIENCE**

##### **Poster 1**

173 – Returning from AVN in Perthes Disease: The Lazarus Hip  
*Joshua R. Daryoush, Vanderbilt University School of Medicine*

##### **Poster 2**

101 – Aged Mice Demonstrate Greater Muscle Degeneration After Rotator Cuff Injury  
*Abhinav K. Sharma, BS, David Geffen School of Medicine at UCLA*

#### **FOOT & ANKLE**

##### **Poster 3**

97 – Peri-Operative Outcomes of Patients with Rheumatoid Arthritis Undergoing Ankle Arthroplasty or Arthrodesis  
*Kevin X. Farley, BS, Emory University School of Medicine*

##### **Poster 4**

262 – Racial and Ethnic Disparities Persist in Lower Extremity Amputation for Limb Ischemia and Infection  
*Sophia A. Traven, MD, Medical University of South Carolina*

##### **Poster 5**

263 – MALDI-TOF Analysis of K-wire Biofilms: A Pilot Study  
*Sophia A. Traven, MD, Medical University of South Carolina*

##### **Poster 6**

200 – Mobility Limitation is Greater After Surgery for Degenerative Foot and Ankle Pathology than Total Hip Arthroplasty  
*Gregory Kurkis, MD, Emory University*

#### **SPINE**

##### **Poster 7**

155 – Does Increased Length-of-Stay Increase 90-Day Readmission Rates following Spine Surgery  
*Bijan J. Ameri, DO, Holy Cross Hospital*

##### **Poster 8**

105 – Semi-Automated Method for Calculation of Sagittal Alignment from CT Scans  
*Tapan Daftar, MD, Resurgens Orthopaedics*

**STATION B** (*Cumberland B*)

**SHOULDER & ELBOW**

**Poster 9**

77 – The Impact of Gender on Perioperative Complications in Primary Elective Total Shoulder Arthroplasty and Reverse Total Shoulder Arthroplasty

*Keith Aziz, MD, Johns Hopkins Orthopedics*

**Poster 10**

72 – Outcomes following Shoulder Surgery in Patients on Chronic Steroids

*Jessica Jang, BS, Johns Hopkins Orthopedics*

**Poster 11**

65 – Blood Utilization in Patients Undergoing Total Shoulder Arthroplasty

*Matthew J. Best, MD, Johns Hopkins Orthopedics*

**Poster 12**

48 – Red Cell Distribution of Width: A Novel Predictor of Mortality and Complications following Primary Shoulder Arthroplasty

*Aaron J. Casp, MD, University of Virginia*

**Poster 13**

86 – Variation in Physical Therapy Protocols following Total Shoulder Arthroplasty

*Alex Dombrowsky, University of Alabama at Birmingham*

**Poster 14**

147 – Is Handgrip Strength Associated with Outcomes following Total Shoulder Arthroplasty?

*Francisco Eguia, BA, Johns Hopkins Hospital*

**Poster 15**

56 – Projections of Total and Reverse Shoulder Arthroplasty in The United States to 2025

*Kevin X. Farley, BS, Emory University School of Medicine*

**Poster 16**

47 – Peri-Operative Outcomes of Patients with Chronic Kidney Disease Undergoing Shoulder Arthroplasty

*Kevin X. Farley, BS, Emory University School of Medicine*

**Poster 17**

171 – The Effect of Tobacco Smoking on Short-Term Outcomes in the Shoulder Arthroplasty Patient

*Kevin X. Farley, BS, Emory University School of Medicine*

**Poster 18**

122 – Residual Tendon Length Doesn't Predict Arthroscopic Rotator Cuff Repair Outcomes

*Michael J. Kissenberth, MD, Hawkins Foundation*

*\*Presented by Jared Hudspeth, MD*

**STATION C** (*Cumberland C*)

**SHOULDER & ELBOW**

**Poster 19**

157 – Posterior Rotator Cuff Fatty Infiltration Doesn't Influence Lateralized rTSA Outcomes  
*Allyson Sandago, Hawkins Foundation*

**Poster 20**

162 – Micromotion and Strength of the Glenoid Component in rTSA  
*Michael J. Kissenberth, MD, Hawkins Foundation*  
*\*Presented by Jared Hudspeth, MD*

**Poster 21**

167 – Complications in Sleep Apnea Patients Undergoing 1- to 2- Level Lumbar Fusion  
*Joseph Palmer, DO, Holy Cross Hospital*

**Poster 22**

69 – Outcomes Following Open Rotator Cuff Repair in Smokers  
*Matthew J. Best, MD, Johns Hopkins Orthopedics*

**Poster 23**

92 – Outcome Scores Utilized for Management of Proximal Humerus Fractures  
*George J. Richard, BS, MD, University of Florida*

**Poster 24**

12 – Precision and Accuracy of 3-D Preoperative Planning for Humeral Head Implant Size Selection in Shoulder Arthroplasty  
*Vani J. Sabesan, MD, Cleveland Clinic Florida*  
*\*Presented by Mauricio Drummond Jr., MD*

**Poster 25**

14 – Does Tuberosity Healing Affect the Biomechanics of Reverse Shoulder Arthroplasty?  
*Vani J. Sabesan, MD, Cleveland Clinic Florida*  
*\*Presented by Mauricio Drummond Jr., MD*

**Poster 26**

108 – Does Acromion Anatomy Affect Acromion Stress Fracture after Reverse Shoulder Arthroplasty?  
*Vani J. Sabesan, MD, Cleveland Clinic Florida*  
*\*Presented by Mauricio Drummond Jr., MD*

**Poster 27**

111 – Accuracy of 3D Preoperative Software Templating in Shoulder Arthroplasty

*Vani J. Sabesan, MD, Cleveland Clinic Florida*  
*\*Presented by Mauricio Drummond Jr., MD*

**Poster 28**

114 – Prediction of Impingement-Free Range of Motion Prior to Reverse Shoulder Arthroplasty  
*Vani J. Sabesan, MD, Cleveland Clinic Florida*  
*\*Presented by Mauricio Drummond Jr., MD*

**STATION D** (*Conference Room 1*)

**HAND & WRIST**

**Poster 29**

43 – Avocado-Related Knife Injuries: Describing an Epidemic of Preventable Hand Injury  
*Kevin X. Farley, BS, Emory University School of Medicine*

**Poster 30**

39 – Accuracy of Physical Examination Compared with Ultrasound for Detection of the Palmaris Longus Tendon  
*Russell E. Holzgrefe, MD, Emory University*

**Poster 31**

136 – Jersey Finger Repair Technique  
*Roberto A. Miki, MD, Miki & Alfonso Hand & Upper Extremity Center*

**OTHER**

**Poster 32**

208 – Congestive Heart Failure and Primary Hip Hemiarthroplasty in Elderly Patients  
*Rajeev Pandarinath, MD, The George Washington University*

**TOTAL HIP**

**Poster 33**

78 – Normal Pressure Hydrocephalus Increases Risk of Postoperative Complications following THA  
*Dennis Chen, MD, University of Virginia*

**Poster 34**

144 – Femoral Head Center: A Reliable Landmark For Restoring Leg Lengths?  
*David A. Ibrahim, MD, Florida Orthopaedic Institute*

**Poster 35**

268 – General Anesthesia is Associated with Greater Rates of Complications Compared to Spinal Anesthesia in the Revision Hip Arthroplasty Patient  
*Jacob M. Wilson, MD, Emory University*

## **TOTAL JOINT**

### **Poster 36**

62 – The Cost of Isolated Complications in Patients Undergoing Joint Arthroplasty

*Kevin X. Farley, BS, Emory University School of Medicine*

## **STATION E** (*Conference Room 2*)

## **SPORTS MEDICINE**

### **Poster 37**

6 – The Reliability of Commonly Used Radiographic Parameters in the Evaluation of the Pre-Arthritic Hip: A Systematic Review

*Dominic S. Carreira, MD, Peachtree Orthopedics*

### **Poster 38**

272 – Impact of Nerve Blocks on Function Following ACLR: Systematic Review

*Matthew Edwards, BS, Medical University of South Carolina*

### **Poster 39**

236 – Youth Overhead Athlete Assessment in South Carolina: A Family Survey

*Jonathan B. Goodloe, MD, Medical University of South Carolina*

### **Poster 40**

154 – Shoulder Instability Influences WOSI Scores, not ASES, Return to Sport

*Michael J. Kissenberth, MD, Hawkins Foundation*

*\*Presented by Jared Hudspeth, MD*

### **Poster 41**

180 – Assessment of Safe Cartilage Harvesting Quantity in the Ankle: A Cadaveric Study

*Michael C. O'Brien, BS, MA, UF Orthopaedics and Sports Medicine Institute*

## **TOTAL KNEE**

### **Poster 42**

247 – Acute Postoperative Outcomes for Cemented vs. Cementless Primary Total Knee Arthroplasty

*Vuong B. Nguyen, MD, Optimotion Orthopaedics*

### **Poster 43**

170 – Sensor-Assisted Total Knee Arthroplasty Improves Outcomes in Patients

*Rushabh M. Vakharia, MD, Holy Cross Hospital*

### **Poster 44**

269 – General vs. Spinal Anesthesia for Revision Total Knee Arthroplasty: Do Complication Rates Differ?

*Jacob M. Wilson, MD, Emory University*

**STATION F** (*Conference Room 3*)

**UPPER EXTREMITY**

**Poster 45**

30 – ORIF of Distal Humerus Fractures with Modern Implants is Still Associated with a High Rate of Complications

*Adil Shahzad Ahmed, MD, University of South Florida*

**Poster 46**

271 – The Effect of Implant Choice and Surgical Approach on Biceps Tenodesis Strength: A Systematic Review and Meta-Regression

*Hiroshi Aida*

**Poster 47**

185 – Can Reverse Total Shoulder Arthroplasty Help Reverse the Opioid Epidemic?

*Alexander Bitzer, MD, Johns Hopkins University*

**Poster 48**

63 – Contribution of Comorbidities to Healthcare Utilization Following Shoulder Arthroplasty

*Kevin X. Farley, BS, Emory University School of Medicine*

**Poster 49**

182 – Redefining High-Volume Centers in Shoulder Arthroplasty: A Nationwide Analysis

*Kevin X. Farley, BS, Emory University School of Medicine*

**Poster 50**

239 – Humeral Stem Lucencies Correlate with Worse Clinical Outcomes in Anatomic Total Shoulder Arthroplasty

*Gregory Y. LaChaud, MD, University of Florida*

**Poster 51**

207 – In Adult Patients with Chronic Lateral Epicondylitis, are Corticosteroid Joint Injections More Effective for Pain Management than Platelet-Rich Plasma Joint Injections?

*Rachel Murray, BS, University of Texas*

**Poster 52**

243 – Misvaluation of Shoulder and Elbow Surgery Across Payment, wRVU, and Operative Time

*Suresh K. Nayar, MD, Johns Hopkins Hospital*

**Poster 53**

257 – Frailty Predicts Medical Complications, Readmission, and Mortality in Total Shoulder Arthroplasty

*Sophia A. Traven, MD, Medical University of South Carolina*

**Poster 54**

35 – Factors Associated with Complications after Elective Hand Surgery

*Tyler R. Youngman, MD, University of Texas Southwestern Medical Center*
