## President's Message

### Matthew Matava, MD

Dear Colleagues,

Mark your calendar now for the 2018 Annual Meeting at The Breakers in Palm Beach, FL July 11-14. Founded in 1896, and reopened in 1926 after a fire destroyed the original building, this historic resort was modeled after the magnificent Villa Medici in Rome. Even today, The Breakers would be considered an ambitious effort considering the 75 artisans brought in from Italy to assist in the 1926 renovation.

Located within walking distance of the Atlantic Ocean and an onsite golf course, The Breakers is always a 'fan favorite' for attendees and their families. My partner at Washington University, Ryan Nunley, MD, will be our Program Chair. He will undoubtedly create an academic program that should raise the bar for our Annual Meeting.

Richard Gelberman, MD has accepted the honor of being the 2018 Distinguished Southern Orthopedist. Having worked under Dr. Gelberman for 20 years, I can state unequivocally that no one in orthopaedic surgery is more deserving of this honor. To use a familiar sports vernacular, he is a true 'triple threat' excelling as an educator, researcher, and clinician. I cannot imagine many orthopedic surgeons in this county, and abroad, who have not been affected by his contributions to our specialty.

I am also honored that Hal Kushner, MD has agreed to be our Presidential Guest Speaker. An ophthalmologist by training, Dr. Kushner has a unique story regarding his experiences as a young physician who was a POW in the Vietnam War where he was held captive and tortured for over five years. The word "harrowing" does not do justice when describing his experiences. His story is a valuable reminder to future generations, so they know the cost of the liberty and freedom they enjoy today. He is one of several Americans who spoke about their brutal experience in the 10-part Ken Burns and Lynn Novick epic, The Vietnam War, which aired on PBS this past fall. I guarantee you will not want to miss his presentation.

My wife, Michelle, along with Stacy Wald and our management team from Data Trace Publishing Company, are actively creating an exciting list of activities for the spouses each morning if swimming, walking on the beach, golf, and tennis aren't enough. The popular breakfast gatherings will also be back, so you can rest assured that your family will be well cared for while you are at the meeting. A Welcome Reception, Exhibitor Reception, and Gala Dinner will once again be held during the evenings to put a relaxing closure to each day's events. What could be better than to cap off your summer with an educationally rewarding meeting in a family-friendly environment all within the confines of one of America's top resorts.

Thank you for all of your support of the SOA over the past 35 years. This thanks goes to the many members who are the lifeblood of our society, as well as to our corporate partners whose support is vital to the quality of our Annual Meeting. The SOA would not be what it is without the contributions of so many dedicated and talented people.

So, remember to mark your calendars for July 11-14, 2018. We look forward to seeing you in Palm Beach!

Sincerely,

**Matthew Matava**

Matthew Matava MD  
President, Southern Orthopaedic Association

# Presidential Guest Speaker

## COL (Ret) F. Harold Kushner, MD, FACS

SOA is pleased to have F. Harold Kushner, MD, FACS as the 2018 Presidential Guest Speaker. Dr. Kushner was born in Honolulu, Hawaii in June 1941 while his father was serving with the Army Air Corps. He was six months old when Pearl Harbor, just next door to his family's home at Hickam Air Field, was bombed by the Japanese on December 7, 1941.

Dr. Kushner was raised in Danville, Virginia where he graduated from high school in 1958. He received his BA degree in chemistry with highest honors, from the University of North Carolina in Chapel Hill in 1961 and attended graduate school in chemistry there for one year. He received his MD degree from the Medical College of Virginia in Richmond in 1966, winning the Mosby Scholarship Award.

Dr. Kushner entered the Army while he was a medical student in 1965. He served his internship at Tripler Army Medical Center, the hospital of his birth, in Honolulu in 1966-1967, and received aviation medical training at Fort Rucker, Alabama and Pensacola, Florida before deploying to Vietnam in August 1967 as an Army Flight Surgeon. He was captured on December 2, 1967 west of Tam Ky, SVN, and released to American Control in Hanoi on March 16, 1973.

Dr. Kushner served consecutive residencies in Internal Medicine and Ophthalmology at Brook Army Medical Center in San Antonio, Texas from 1973 to 1977. His military experience includes active duty in the United States Army from 1965 to 1977, and duty as an Army reserve officer from 1977 to 1986 when he retired with the rank of Colonel.

Dr. Kushner's military awards include the Silver Star, the Soldiers' Medal, the Bronze Star, the Air Medal, 3rd award, the Purple Heart, 3rd award, the Army Commendation Medal, and other awards and badges including the Combat Medic Badge and the Senior Flight Surgeon's Badge.

Since September of 1977, Dr. Kushner has been engaged in the practice of Ophthalmology in Daytona Beach.

# Distinguished Southern Orthopaedist

## Richard H. Gelberman, MD

Richard Gelberman, MD is the recipient of this year's Distinguished Southern Orthopaedist award. Dr. Gelberman is a Professor of Orthopaedic Surgery at the Washington University School of Medicine. Prior to joining Washington University, Dr. Gelberman was Professor and Chief of Hand and Microvascular Surgery at Massachusetts General Hospital, Harvard Medical School. His enduring interest in medical education has led him to establish and lead outstanding hand fellowship programs at Massachusetts General Hospital and at Washington University.

In 1995, Dr. Gelberman became the initial Chairman of the Department of Orthopaedic Surgery at the Washington University School of Medicine. For over 20 years, his focus was to develop a flagship clinical, academic and educational program in Orthopaedic Surgery.

Dr. Gelberman has also served in a number of leadership roles, including President of the American Academy of Orthopaedic Surgeons (2001), President of the American Society for Surgery of the Hand (2006), President of the American Foundation for Surgery of the Hand (2012) and Chair of the Board of Trustees of the *Journal of Bone and Joint Surgery* (2014).

## Accreditation Information continued

participants through paper presentations, instructional courses, guest lectureships, symposia, multimedia educational sessions and poster sessions.

### OBJECTIVES

Educational objectives will be met through a combination of paper presentations, lectures and symposia in plenary and specialty sessions allowing open discussion with the lecturers and paper presenters. The following objectives will be addressed during the Scientific Program, such that at the conclusion of this course the attendees should be able to:

1. Critically evaluate orthopaedic diseases and treatments through evidenced based outcome presentations.
2. Discuss basic science and clinical study advances and their implications pertaining to the diagnosis and treatment of orthopaedic diseases.
3. Enhance and maximize clinical and operative skills in the management of new and leading technology in orthopaedic disorders.
4. These educational objectives will be obtained through paper presentations, instructional courses, guest lectureships, symposia, multimedia educational sessions and poster sessions.

### DISCLAIMER

The products, procedures, and opinions presented at this meeting reflect the viewpoint or approach of the presenter only and are not to be attributed to the Southern Orthopaedic Association. The Southern Orthopaedic Association presents such material for informational purposes only and does not endorse any such product or the content of any such presentation.

### FORMAT

The educational sessions will be held Thursday, Friday and Saturday, July 12-14, from approximately 7:00 am until 2:00 pm.

### SCIENTIFIC E-POSTER SESSIONS

Scientific E-Posters are an important feature of the SOA Annual Meeting. E-Posters will be on display each day of the Scientific Program and poster presenters will be available to answer questions after the Scientific Program Sessions. Please note on the Scientific Program Schedule the designated times the E-Poster presenters will be available for discussion.

### MULTIMEDIA EDUCATION SESSIONS

The SOA will provide multimedia education sessions Thursday, Friday and Saturday afternoons, July 12-14. A comprehensive selection of AAOS DVDs will be available for your individual education. These DVDs will highlight surgical procedures and current concepts in Orthopaedics. Registered attendees should find these DVDs informative and helpful in their practice.
