President's Message

Andrew A. Shinar, MD

Dear Colleagues,

In just over a month, the Annual Meeting of the SOA will be held at the spectacular Greenbrier Resort in White Sulphur Springs, West Virginia. This Meeting promises to be memorable, informative, and fun for the entire family. The Greenbrier is a stunning destination set in one of the most beautiful parts of the country – its aesthetic was crafted by the famous decorator Dorothy Draper who created a uniquely lavish interior, her Victorian Writing Room there was once called the most photographed room in the United States. In all its beauty, the setting is family friendly and has something for everyone.

Our Program Chair, Deryk G. Jones, MD, is finalizing a comprehensive program, and I am in awe of the quality and variety of speakers we have recruited. The academic program has something for every specialty, as well as topics that affect all of us- including diversity, private equity acquisitions, starting your career, publicizing your practice, and getting your coding done right! Once again, this year we've received a record number of abstracts and large numbers of new scientific presentations are included in our rapid fire sessions, complemented by reviews of your specialty's hot topics, case presentations, small group discussions and E-Posters.

My colleague, Greg Mencio, MD is our well-deserving 2022 L. Andrew Koman, MD Disting-

guished Southern Orthopaedist. Zack Shinar MD, head of Emergency Medicine at Scripps Institute and a national speaker, will offer inspiring perspectives on saving lives through ECMO in the ER and on life on the front lines of the pandemic. He will also enlighten our families on household emergencies.

When you are not participating in the Meeting, program the Greenbrier offers an extensive array of indoor and outdoor activities for all ages to enjoy, including an infinity pool, an indoor pool, a beautifully designed casino, world class golf, arcades, bowling, alpine climbing, hiking/biking trails, falconry, crafts, fishing, skeet shooting, tours of the congressional bunker, tennis and pickleball, as well as both fine and casual dining. (Explore even more activities at www.greenbrier.com.) For spouses, guests and children my wife, Lisa, is busy crafting an exciting week to remember.

Register and reserve your rooms now for an unforgettable week at The Greenbrier with

the whole family - the sooner, the better. We look forward to seeing you there!

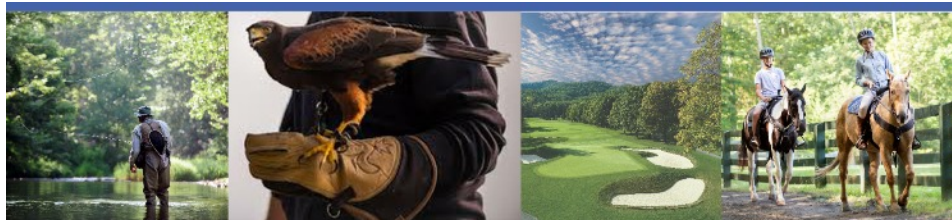

Sincerely,

Andrew Shinar

2022 SEC Athletic Orthopaedic Teams of the Year

We are pleased to announce Dr. Robert Hosey and Dr. Chris Klenck as the recipients of the 2022 SEC Athletic Orthopaedic Team of the Year Award.

Robert G. Hosey, MD
University of Kentucky

Dr. Hosey serves as the head team physician for the University of Kentucky and as professor in the UK Department of Family and Community Medicine. He has a joint appointment in the UK Department of Orthopaedics and Sports Medicine.

Dr. Hosey earned his medical degree from the SUNY Health Science Center in Syracuse, New York, before doing his internship and residency at the Medical University of South Carolina in Charleston. He also was a clinical instructor and sports medicine fellow at the UCLA Medical Center.

In addition, he has certifications from the American Board of Family Medicine and CAQ Sports Medicine.

Congratulations to Robert Hosey, MD, and Chris Klenck, MD, who received the 2021-2022 award at the meeting. In addition, the University of Kentucky and the University of Tennessee Athletic Training Staffs will each receive a check for \$1,000 to be used for student athletic trainer education.

Chris A. Klenck, MD
University of Tennessee

Dr. Chris Klenck is now in his 16th season as the head team physician on the Tennessee Sports Medicine staff.

An Evansville, IN native, Dr. Klenck earned his doctor of pharmacy degree from Purdue before completing his doctor of medicine degree at Indiana University School of Medicine.

Dr. Klenck came to Knoxville in November 2006 following a primary care sports medicine fellowship at Indiana University Medical Center.

He is a member of the American Academy of Pediatrics, American College of Physicians, American Medical Society for Sports Medicine and American College of Sports Medicine.

In Memory of Champ L. Baker, Jr, MD

Past President of the SOA and 2008 Distinguished Southern Orthopaedist Champ Leroy Baker, Jr., of Columbus, Georgia, passed away March 18, 2022 - at the age of 75. A celebrated orthopaedic surgeon, Dr. Baker, was renowned nationally and internationally for his expertise in sports medicine. Dr. Baker was born in Alexandria, Louisiana, on August 3, 1946, to the late Champ L. Baker, Sr. and Astrid Hiie Baker, a nurse and the inspiration for her son's medical career.

Dr. Baker received his undergraduate and medical degrees from Louisiana State University. At 6'5", he had always hoped to have a career in basketball and had, indeed, made the LSU's basketball team as a center in his freshman year. During his sophomore year, however, "Pistol Pete" Maravich joined the team as a 6'5" shooting guard. He remained the consummate LSU fan, and, ever the optimist, he supported them through good years and bad.

Dr. Baker entered the US Army after medical school and completed his orthopaedic residency at Letterman Army Medical Center in San Francisco and Shriners Hospital for Crippled Children in St. Louis. He completed a sports medicine fellowship under Dr. Jack Hughston in Columbus in 1979. He retired from the Army as a Lt. Colonel, and joined The Hughston Clinic in 1982 remaining on staff there until his retirement. He served as President of The Hughston Clinic from 1994 until 2000, and served as an orthopedics professor at Tulane University School of Medicine and at the Medical College of Georgia. He formerly served as Chair of the Board of Directors of The Hughston Foundation and as program director of the Hughston Sports Medicine Fellowship.

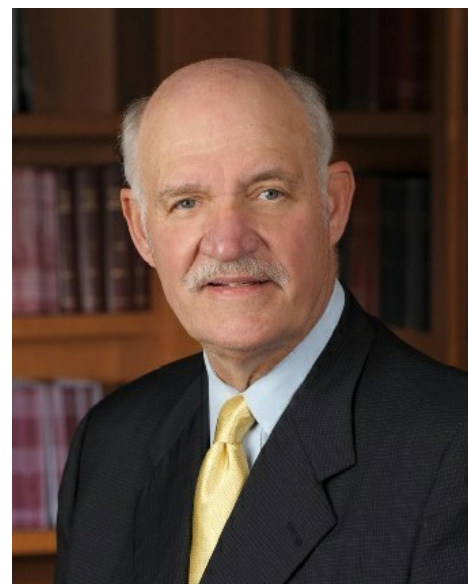

Dr. Baker was active in many nationally and international professional societies, and served as an officer or committee member of the American Academy of Orthopaedic Surgeons, American Shoulder and Elbow Society, American Orthopaedic Society for Sports Medicine,

American Orthopaedic Association, International Society of Arthroscopy, Knee Surgery and Orthopaedic Sports Medicine, and Arthroscopy Association of North America. He was president of the American Orthopaedic Society for Sports Medicine, Georgia Orthopaedic Society, and Georgia Shoulder and Elbow Society.

Dr. Baker was inducted into the Halls of Fame of both the Chattahoochee Valley Sports and the American Orthopaedic Society of Sports Medicine, was honored in 2010 by the latter with the George D. Rovere Award for his contribution to sports medicine education, and earned the title of "Mr. Sports Medicine" for his significant contributions to the field. He was also a recipient of the President's Challenge Award from the National Athletic Trainers Association. In short, he was the recipient of nearly every prestigious award given by the professional associations and societies to which he belonged. When jokingly asked if receiving all these lifetime achievement awards meant he was "all washed up," he replied, "Better to be all washed up with awards than all washed up with no awards."

Whether it was adding to the existing body of orthopedic knowledge or describing a new surgical technique, Dr. Baker's enthusiasm for new research projects always drove him. To pass along knowledge gained from his many years of practice, he contributed his writings to numerous medical textbooks and scientific articles on sports medicine topics. As a supporter of medical research, he served on the editorial boards of several medical journals.

In his hands-on support of athletes, Dr. Baker served as team physician for numerous local and regional athletic teams, including the University of Alabama and Columbus State University, where he was inducted into the CSU Sports Hall of Fame. He was a volunteer physician for the U.S. Olympic Committee, and started and funded scholarships for students in nursing and athletic training careers.

On a personal and local level, his community service was legendary. He was instrumental in bringing MercyMed to Columbus to provide accessible healthcare to his community's citizens. He was a Past-President of the Board of Trustees of Columbus State University, and served on the boards of many local groups. His varied interests and talents led him to contribute his time as a board member of the Bo Bartlett Center.

Dr. Baker met to his wife Sue Anne through a former LSU fraternity brother. Dr. Baker was a beloved husband and dedicated father who adored spending time with his three children. He is survived by his wife of 51 years, Sue Anne, son Champ Baker, III MD, and daughters Kate Aghevli and Sarah Andrus. He was known as "Bud" to his eight beloved grandchildren.

A service to celebrate Dr. Baker's life was held in March at St. Luke United Methodist Church. Dr. Baker's family asks that donations be made in his memory to any of the following organizations: The Bo Bartlett Center, c/o Columbus State University, 4225 University Ave., Columbus, GA 31904; MercyMed, 3702 2nd Ave., Columbus, GA 31904; St. Luke United Methodist Church, PO Box 867, Columbus, GA 31902.

The SOA

The Southern Orthopaedic Association (SOA) was founded in 1983 for physicians who are engaged in the specialty of orthopaedic and trauma surgery. Its mission is to develop and foster the art and science of medicine in the specialty of orthopaedic and trauma surgery. SOA operates exclusively for charitable, scientific and educational purposes.

Come Join the Fun at the 39th Annual Meeting

The SOA's Annual Meeting will be held July 20-23, 2022 at The Greenbrier in White Sulphur Springs, WV.

Located amid the wondrous Allegheny Mountains of West Virginia, The Greenbrier is a National Historic Landmark and world-class resort that has been welcoming guests from around the world since 1778. It has long been a favorite destination of royalty, celebrities, business leaders and Presidents. A new era of elegance awaits you at The Greenbrier by combining the graciousness of the past with exceptional comforts of today.

The Greenbrier is widely regarded as one of the finest luxury resorts around the world. The natural mineral springs that drew the first guests over 235 years ago continues to lure visitors to the 11,000-acre luxury retreat. It offers exclusive services and amenities such as championship golf, fine dining, more than 50 activities, designer boutiques, a world-renowned mineral spa and a 103,000 square foot gaming and entertainment venue. Discover the unparalleled selection of luxury leisure pursuits and outdoor adventures designed to satisfy and stimulate your widest range of interests.

For everyone's convenience, the SOA has reserved a block of rooms. To make a reservation, call The Greenbrier at 800-453-4858. Space is limited, so make your reservation early and be sure to mention that you are with the Southern Orthopaedic Association to get the discounted rate. The cut-off for the special SOA room rate is June 22, 2022.

For complete meeting information and to register, visit www.soaassn.org.

2022 L. Andrew Koman, MD Distinguished Southern Orthopaedist Gregory A. Mencia, MD

Dr. Gregory A. Mencia is the recipient of this year's inaugural L. Andrew Koman, MD Distinguished Southern Orthopaedist Award. Dr. Mencia is a graduate of Duke University School of Medicine.

He completed a two-year residency in general surgery at the University of Pittsburgh Medical Center and did his orthopaedic training at Duke University Medical Center followed by a fellowship in pediatric orthopaedics at Newington Children's Hospital (currently Connecticut Children's Medical Center).

He is currently the Neil E. Green Professor and Vice Chair of Orthopaedics at Vanderbilt Medical

Center and Chief of Pediatric Orthopaedics at Monroe Carell Jr. Children's Hospital at Vanderbilt. He is Assistant Hospital Director and Co-Chairman of the Vanderbilt University Medical Center Medical Economic Opportunity (MEOC) Committee.

His clinical interests are scoliosis and surgery of the spine, pediatric musculoskeletal trauma, limb lengthening, and management of gait and other orthopaedic aspects of neuromuscular disorders. He has been involved in resident medical education throughout his career and has been selected as a recipient of the Ken Johnson Teaching Award by the Vanderbilt Chief residents four times. He has co-authored over 50 peer reviewed articles as well as numerous book chapters and is co-editor of Green's Skeletal Trauma in Children.

He serves as a Director of the American Board of Orthopaedic Surgery and is past President of the Pediatric Orthopaedic Society of North America (POSNA) and the Tennessee Orthopaedic Society. He previously served as Chair of the American Academy of Orthopaedic Surgery Board of Specialty Societies (BOS) and was a member of the AAOS Board of Directors from 2010-2013. He served on the Advisory Board of the Annual POSNA /AAOS International Pediatric Orthopaedic Symposium (IPOS) from 2006-2010 and on the IPOS faculty from 2005-2016.

He enjoys cycling, golf, and travel but his real passion is his wife Madelyn, and their family - daughters Alyson and Marissa and sons-in-law Ben and Andrew.

2022 Presidential Guest Speaker Zack Shinar, MD

The SOA is pleased to have Zack Shinar, MD as the 2022 Presidential Guest Speaker. Dr. Shinar, MD is Vice Chair of Emergency Medicine at Sharp Memorial Hospital in San Diego, California.

He helped pioneer extracorporeal cardiopulmonary resuscitation for patients in cardiac

arrests and has published extensively in the field of resuscitation. His recent paper in the Journal of Emergency Medicine has given credence to emergency physician initiated ECMO. Dr. Shinar hosts the EDECMO podcast, co-chairs the Emergency ECMO Program, directs the ECMO/REBOA conference "Reanimate," and speaks around the world on the subject.

Dr. Shinar studied medicine at the University of Southern California and bioengineering at the University of Pennsylvania. He was Chief Resident at Los Angeles County Emergency Medicine Residency. Dr. Shinar is also active in education of the youth including the Emerge the Conference Project. He is an avid endurance athlete enjoying marathons, ultramarathons, ironman triathlons, surfing and mountain biking.

Annual Meeting Tour/Activities Information

Thursday, July 21

Spouse/Guest and Child Hospitality

Enjoy a continental breakfast with old friends and get to know new ones, while learning about the rich history of the Greenbrier Resort.

Historian Tour of the Greenbrier Resort

This tour takes you through the resort to learn about its history and take in its grandeur. Along the way, hear stories about legendary guests who have graced the halls over the years.

Fly Fishing

Enjoy some spectacular catch-and-release fly fishing for trout or small-mouth bass, at Howard's Creek right here on the Greenbrier property. Anglers of all levels can take pleasure in the stunning views of the Allegheny Mountains. Includes guided fly fishing and fly-casting instruction.

Casino 101

Enjoy a demonstration held by the Casino Staff as they present the basic gaming skills needed to confidently rule any table in the casino. Along with the table games, you'll also gain a better understanding on the mechanics of slot machines and sports betting.

Welcome Dinner

Catch up with colleagues and their families at this year's Welcome Dinner. Enjoy wonderful food and your favorite drinks from the open bar.

Friday, July 22

Spouse/Guest and Child Hospitality

Enjoy a continental breakfast with old friends and get to know new ones, while learning about the ancient sport of falconry. We encourage you to get up-close-and-personal with these majestic birds. You will have the opportunity to interact with the trained hawks and falcons, as well as learn the history behind this "sport of kings," which has been performed for over 4,000 years.

Adult & Childrens' Golf Clinics

Each is a one-hour clinic covering the fundamentals of golf. Must wear golf attire (collared shirts, Bermuda shorts and sneakers).

Golf Tournament

A dramatically upgraded and improved Meadows Course features newly reconstructed greens and stacked sod bunkers and has taken its place among the other championship designs at The Greenbrier. The tournament will be a 1:00 pm shotgun with a scramble format.

Tennis Round Robin

3.5 USTA Rating or better.

Exhibitor Reception

Before you go to dinner, start your evening off with drinks and light hors d'oeuvres with the SOA.

Saturday, July 23

Spouse/Guest and Child Hospitality

Enjoy a continental breakfast! We will build hygiene kits to donate to a shelter. Hygiene kits are a great way to back our local communities in an affordable, mobile, fun way.

Pickleball Clinic

Enjoy one of the fastest-growing sports in the United States. A game for all ages and abilities, pickleball combines elements of tennis, table tennis and badminton.

Bubba Armstrong Sporting Clay Tournament

Located atop Kate's Mountain, the Gun Club's current offerings include four combination trap and skeet fields and a 10-station sporting clays course.

Pickleball Open Play

Play includes court rental, paddles and balls.

Gala Dinner Dance

Dinner will be an event to remember with a world-renowned cuisine, good company and plenty of dancing!

Sunday, July 24

Fellowship and Worship

Grab your breakfast and then come join us for Sunday morning worship.

2022 Program Chair's Message

Deryk G. Jones, MD

On behalf of the SOA Board of Trustees, President Andrew Shinar, MD, the Program

Committee, and myself, we look forward to welcoming you to the Southern Orthopaedic Association's Annual Meeting July 20th to 23rd, at The Greenbrier Resort in West Virginia. We have put together an excellent Academic and Social Program for everyone's enjoyment.

The quality of the submissions this year was extraordinary, with a total 464 abstracts considered for presentations. The program will consist of podium, rapid fire and E-Poster presentations, along with a variety of symposia featuring leaders in orthopaedics. We also added some concurrent symposia this year to allow for a larger variety of topics.

The Program Committee has arranged an impressive Academic Program including some-

thing for everyone - general orthopaedists and subspecialists alike, giving every attendee opportunities to engage. Attendees can earn up to 23.75 CME credits.

Highlights of this year's meeting include the L. Andrew Koman, MD Distinguished Southern Orthopaedist Gregory Mencia, MD (an expert in surgical correction of scoliosis and other pediatric conditions), as well as Presidential Guest Speaker Zack Shinar, MD (a pioneer in extracorporeal cardiopulmonary resuscitation), who should not be missed. Spouses and guests are welcome and encouraged to attend these events, as well.

Symposia will be offered throughout the program covering joint arthroplasty, sports medicine, pediatrics, hand and wrist, trauma, diversity, and other topics on the foot and ankle as well as the shoulder. Additional sessions will cover practical information for the practicing orthopaedist, as well as presentations on topics

2022 Program Committee

The Southern Orthopaedic Association gratefully acknowledges the following orthopaedic surgeons for their contribution to the development of the Scientific Program.

Deryk G. Jones, MD, Chair
Shawn R. (Skip) Gilbert, MD
Michael J. O'Brien, MD

such as physician transactions. Round Table discussions will be included again on Thursday and Friday afternoons, as well as the resident course on Friday discussing how to find the right job.

We look forward to seeing you all at the SOA's Annual Meeting, at The Greenbrier Resort, with its historic golf courses and numerous other outdoors activities in the Mountains of West Virginia. Please make every effort to attend what should be a great educational and family-friendly event.

Scientific Program Highlights

Thursday – July 21, 2022

SPECIAL SESSION 1: Private Equity Firm

RAPID FIRE SESSION 1A-E: Basic Science & Other, Foot & Ankle, Shoulder & Elbow, Hand & Wrist and Pediatrics

SYMPOSIUM 1: My Experience as a Team Physician Over the Past 40 Years

SYMPOSIUM 2: Diversity in Medicine

GENERAL SESSION 2: OREF Report and Presidential Guest Speaker - Zack Shinar, MD

RAPID FIRE SESSIONS 2A-E: Practice Management & Education, Shoulder & Elbow, Sports Medicine, Spine and Total Hip

SYMPOSIUM 3: Cartilage Treatment

CONCURRENT SYMPOSIA 4: Trauma to the Foot & Ankle and Spine

CONCURRENT ROUND TABLE DISCUSSIONS: Total Joints and Sports

SCIENTIFIC E-POSTERS: (Open daily to all participants before and after the Scientific Program.)

Friday – July 22, 2022

SPECIAL SESSION 2: Maintaining Relevance in a Value-Based Environment

RAPID FIRE SESSION 3A-E: Foot & Ankle, Total Knee, Trauma, Tumor and Upper Extremity

SYMPOSIUM 5: Total Knee Arthroplasty

SYMPOSIUM 6: Trauma Cased Based Discussions

GENERAL SESSION 3: L. Andrew Koman, MD Distinguished Southern Orthopaedist - Gregory Mencia, MD

GENERAL SESSION 4: AAOS Report

RAPID FIRE SESSION 4A-E: Total Joint, Hand & Wrist, Sports Medicine, Practice Management & Education and Pediatrics

SYMPOSIUM 7: Total Hip

SYMPOSIUM 8: Trauma Debates

RESIDENT COURSE: Finding The Right Job for You, and Then What

SCIENTIFIC E-POSTERS: (Open daily to all participants before and after the Scientific Program.)

Saturday – July 24, 2022

SPECIAL SESSION 3: Practical Information for the Practicing Orthopedist, Updates in E & M Coding, and Online Reviews: What Every Doctor Needs to Know

RAPID FIRE SESSION 5A-E: Shoulder & Elbow, Sports Medicine, Trauma, Total Knee and Total Hip

CONCURRENT SYMPOSIA 9: Shoulder Instability and Soft Tissue Masses: A Visual Guide to the Good, the Bad, and the Ugly

RESIDENT AWARD SESSION

GENERAL SESSION 5: BOC Report and Presidential Address

CONCURRENT SYMPOSIA 10: Hand and Pediatrics

RAPID FIRE SESSION 6A-E: Shoulder & Elbow, Spine, Sports Medicine, Foot & Ankle and Total Joint

SCIENTIFIC E-POSTERS: (Open daily to all participants before and after the Scientific Program.)

2022 Award Recipients

Congratulations to the following 2022 SOA Award Recipients. The award papers will be presented during the Scientific Program at The Greenbrier in White Sulphur Springs, West Virginia.
